PROJECTS

Task Management (FE — BE) — duration: 3 weeks

The third prize | CoderSchool Demo Day - 26/05/2022.

- **Problem:** There are many websites that offer models with different standards. The website is created with the purpose of agreeing on a standard set by the company. And along with that, it can help managers assign tasks to subordinates more easily
- **Solution:** Users can find and download files with a company standard. Managers can assign tasks to their employees, such as clicking or dragging.
- **Highlight Features:** Search and download files, responsive, filter, chart, drag or drop tasks
- **Techniques:** ReactJS, Redux, NodeJS, ExpressJS, Material UI, and MongoDB.

Demo: duy-mh-architects.netlify.app/

The Movie App — duration: 2 days

- **Solution:** Search, filter and add favorite films.
- **Scope of work:** Search, filter, add favorite films and detail page.
- **Techniques:** React JS, Material UI
- **Demo:** duy-movie-app.netlify.app/
